## **TREE TRIMMING REQUIREMENTS**

**Please visit pearlandacres.com for Rules and Regulations**

**To ALL tenants:**

**Some of you have lots with big trees shading your homes. This is great for keeping your Air Conditioning bills down. However, the trees can also fall on your roof or home and potentially cause damage. Please be aware that, if your lot has shade trees, you are responsible for trimming the branches of the trees that touch or can touch your roof. We suggest you buy a 14 to 18-foot tree branch trimmer at Home Depot for around \$50 to protect your roof and home from falling branches.**

**There are tree workers in the community that can do that for you. Please call or stop by the office to see who is available.**

**The Park will continue to be responsible for the branches further up the trees that you cannot reach with a normal 14-18-foot tree trimming pole.**

**If you would like someone to trim your trees and state what you are willing to pay so we can connect you to the right tree trimmers.**
